

oceana and elemis

a match made in heaven

Elemis is the preferred professional aromatherapy brand of Health and Beauty Editors throughout Great Britain and the World. Industry experts revere it, celebrity endorses it, and consumers worldwide aspire to experience the Elemis range of products and holistic spa treatments. Oceana Day Spa is proud to deliver the international success of the Elemis brand to the Macarthur area.

Founded in 1990, Elemis is a brand aimed at treating individuals holistically with essential oils and marine extracts presented in natural bases. The people leading the brand are innovative, creative, passionate and committed to evolving the beauty industry. Daring to experiment and take risks, Elemis leads with new ideas and discoveries, providing discerning customers with unsurpassed products and holistic therapies.

Elemis offers serious skincare and life enhancing products, using the finest active natural ingredients. Renowned Herbalist and Aromatic Specialist Jan Kusmirek has been an integral part of Elemis' product development for ten years. Renowned as one of the world's leading authorities on aromatherapy, Jan describes Elemis as "one of the most exciting international brands seen in this decade".

With a flagship spa in London and exclusive spas scattered throughout Europe, America, Asia, the Far East and Australia, Elemis is positioned at the cutting edge of the professional spa industry. Treating over 4 million people

each year the brand is endorsed by international beauty press such as Vogue, Elle and Marie Claire, and is recognised globally as the leading spa-therapy provider. Noella Gabriel, Director of Treatment Development, is a leading international educator of cutting-edge spa therapies. Her latest achievement was the development of The Ten Cultural Touches of Elemis – ten different massage styles used in all of the new treatments.

The treatments evolved into a beautiful sequence of flowing rituals, and the Elemis spa-therapy was born. To complement the Elemis Exotics spa treatments, Elemis introduced a beautifully packaged and expertly formulated range designed to recreate the indulgent spa experience at home. The Exotic Home Spa Collection has proven to be highly lucrative at spa retail.

Voted Macarthur's best in the 2005 by both the Macarthur Business Awards and Community Awards, Oceana Day Spa is a temple of touch and aroma, offering an exotic blend of therapies from Bali, Tibet, Polynesia, Japan, Morocco and Thailand. Its prestigious location within the Aquafit Health & Leisure Centre in Campbelltown and the exceptional skills of the Beauty Therapists ensure that all visitors receive a phenomenal experience during their stay at the spa. I have never heard any different from anyone who has experienced Oceana.
